

Category	Activity	Description of Activity
Life Skills	Activities of Daily Living (ADL)	With the use of established routines that help hone students' ADL skills and independence, students get opportunities to work on their self-esteem, and confidence.
	Housecraft	Students get the opportunity to learn basic kitchen skills such as preparing a simple meal, area cleaning, and safety awareness.
Social Skills	Birthday Parties	Monthly birthday parties allow students to be celebrated during their special month, and teaches students how to show appreciation for one another, as well as how to share what they have.
	Role-play	Students learn about various social skills, such as self-control, interaction, taking personal responsibility, and how to take turns through role-play that mirror social situations
	Storytelling	Storytelling helps students improve their listening abilities, enhances communications skills, and encourages creativity and imagination.
Physical Activities	Modified Sport	Activities are modified to facilitate understanding of certain sports/games so that the students may learn how to comply with the rules of a given game. This provides students with the opportunity to improve their physical wellbeing too.
Leisure & Exploration	Complementary Pet Therapy	Pet therapy involves selecting suitable animals to interact with humans, to improve their emotional wellbeing. Pet therapy can also aid to increase their attention span. Our students in SSCC are exposed to a variety of breeds of cute canines, and furry felines during our pet therapy sessions. In line with celebrating this diversity, students themselves have displayed increased self-confidence, and have become more expressive, as they feel more at ease with who they are as unique individuals.
	I-Learning	To keep students engaged in SSCC, the use of an interactive panel is adopted. The large interactive panel's suite of vibrant, high-definition display, supports multi-touch interaction amongst the students. This creates opportunities for students to learn how to cooperate with one another.
	Indoor Games	Indoor games provide students with the opportunity to achieve better balance, motor skills, as well as body and spatial awareness.
	Learning Journey	Conducted during school holidays, Learning Journeys provide students with the opportunity to apply ADL, social, and communication skills learned within SSCC, to outdoor situations.
Visual Arts	Complementary Art Therapy	Engaging in arts-related activities promotes emotional, social, and communication growth, alongside building life skills. Having dabbled in the myriad of beautiful colours, and different crafts during various visual art sessions, our students in SSCC have opportunities to work on healthy self-expression.
	Craft Work/Painting	
Performing Arts	Music and Movement	Simple dance sequences taught to students, provide them with the opportunity to practise body coordination.
	Speech & Drama	Through imaginary play, students learn social skills such as courtesy, waiting their turn, and teamwork. While stories are narrated, students get the opportunity to choose which character they identify with the most, and would be most comfortable acting out based on actions of their choice.
