by AWWA Corporate Affairs

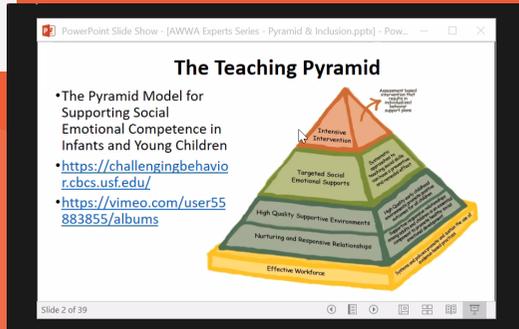

Let's take a look at some of the recent highlights across AWWA!

Community Garden Launch

On 6 April 2022, AWWA, together with CapitaLand Hope Foundation and partners such as Yio Chu Kang Grassroot and Ang Mo Kio Town Council opened the refurbished Community Garden located at Block 123, Ang Mo Kio Ave 6.

This space invites people of all abilities to engage in intergenerational activities and build a communal spirit.

The Community Garden also features a greenhouse that provides gardening opportunities for seniors and for persons with dementia to interact with sensory-stimulating (e.g. smell, touch) plants such as herbs, spices and vegetables to recall their yesteryears.

11th AWWA Inclusion Experts Series (AIES)

Our latest AIES saw the participation of over 300 attendees from preschools, mainstream schools, early intervention centres, special schools, allied health professionals, social service agency partners and ministries!

We were honoured to have keynote speakers Dr Phillip Strain and Ted Bovey share with us the role of the Pyramid Model in developing high-quality inclusion.

During the session, participants were taught how to implement key inclusive strategies that support all children's learning in their classrooms, among other insightful sharing!
